April 2020

Dear Parents, carers, families and staff.

During the Covid 19 Pandemic, it remains important for us to communicate clearly, swiftly and purposefully with you. It is also important that you feel supported as we try to minimise the impact of social isolation.

With that in mind, if you have a question or need help with anything, please email info@hebdengreen.cheshire.sch.uk

We will continue to provide the very best support that we can for our whole school community, either on site or remotely, so please do keep in touch with us.

You will find the most up to date information on our Facebook page. If you are a member of our school community, you can follow a link to join our closed Facebook group, where you will be able to interact with each other. The majority of our updates will now be on Facebook or via text. However, we will update the website and send a letter via email if there is significant information to share.

Further help:

Safeguarding and Pupil Wellbeing

Our Deputy Head teacher, Danielle Lamb, is our Safeguarding lead. If you need additional support regarding health, safety and wellbeing, for you or your child, please email info@hebdengreen.cheshire.sch.uk and mark your message for Danielle Lamb.
